

3rd Annual *Hayden's* **CAR SHOW**

Cruising for a Brighter Playground
In Memory of Hayden Konieczny

Hayden Konieczny was a sweet girl from Lebanon who loved hot rods and spending time in her dad's shop. She loved being outside, playing and having fun. Her love for it inspired the idea, organization, and start of an inclusive playground at Horner Park in her honor — a place where children of all abilities can enjoy the fresh air and fun, just like Hayden.

Unfortunately, Hayden did not get to see the ribbon cutting at her park, but it's an incredible way to honor her memory and continue her legacy.
